EXPERIENCE

Blink, Abuja, Nigeria — *Frontend Developer*

FEBRUARY 2024 - PRESENT || Remote

▹Built all user facing components implementing industry leading best practices.

▹Worked with the product manager to maintain and improve the website.

▹Collaborated with back-end developers and web designers to improve usability.

▹Handled data validation, error handling, and interaction with APIs.

▹Stayed up-to-date on emerging technologies.

Taxity, Abuja, Nigeria — *Frontend Developer*

JUNE 2023 - MARCH 2024 || Remote

▹Translated design mockups into responsive, interactive, and accessible web interfaces that enhance the user experience.

▹Ensured the web application works across various devices and screen sizes, from desktop to mobile.

▹Worked with other developers and teams using tools like Git for code versioning and collaboration.

HNG, Lagos, Nigeria — *Frontend Developer*

NOVEMBER 2022 - JANUARY 2023 || Internship

▹Worked with HTML, CSS, and JavaScript frameworks (e.g., React) to build components and interfaces.

▹ Assisted experienced developers with projects, learning best practices for code structure, and contributing to small features or bug fixes.

▹Learnt how to consume APIs and connect the frontend with backend services to fetch or send data.

▹Gained experience with Git by managing branches, merging changes, and contributing to the codebase.

LANGUAGES, FRAMEWORKS & TOOLS

HTML, CSS, Tailwind CSS, JavaScript, Typescript, Redux, ReactJs, NextJs, Git/GitHub
